## Immerse Yourself in our *Brunnenhaus* and completely within yourself

Our wellness area is surrounded by Mother Earth and carefully set in nature. The old wooden entrance is a symbol of durability, and offers a look at the interior.

A stone fountain from which spring water flows, clay walls, a roaring fireplace and many corners to retreat into make for a unique atmosphere.

Bright and open spaces lead the eye to the surrounding greenery. Inside or out - in every season, you will feel in touch with nature.

It inspires us at the Torgglerhof.  
Not only today, but from always.

## Don't Want to *Leave*

Swim outdoors in our infinity pool, treat yourself to a beauty treatment or just read a book in the small library.

24 steps separate you from a place of silence, where a sauna and steam bath with a view await.

Breathe the fresh air of the valley on the terrace, or barefoot in the grass to our biosauna and enjoy the quiet in the "Silence" pool.

In the „Room for Me“, dedicate yourself to yoga and movement, isolated and surrounded by the apple orchards or work out in the fitness room.
